

April 2021

Dear Parent/Carer

You will have received your child's latest Praising Stars report before the Easter holiday and this report may have contained Parents' Evening Requests. You will be aware that we cannot hold parents' evenings in the usual manner due to the current restrictions and therefore we will be looking to make contact through phone calls. To enable these calls to be made, any child who has received requests will have a text sent out to parents with a link to a google form. Should you wish to receive a phone call from the member of staff please can you complete this form. Please note that any calls will be made over the following week and may come from a withheld number.

We value contact with all parents and the support that you give to the academy and your child. Therefore, if students were not identified by staff but you wish to discuss a subject area with their teacher then please request a call back through the enquiries inbox which can be found on the website: <https://www.brumby.outwood.com/contact>. Please state clearly the name and year group of your child, the subject and the teacher that you wish to speak to.

Yours faithfully

Mr Alex Warburton

Assistant Principal

Outwood Academy Brumby
